Summary

About Me

Welcome! I am a driven and passionate Computer Science and Engineering graduate from Usha Martin University, with a strong foundation in software development, problem-solving, and creative thinking. My journey is fueled by a love for technology, a thirst for innovation, and an unyielding commitment to delivering impactful solutions.

What I Bring to the Table

Expertise in software development and technical problem-solving.
A quick-learning mindset that embraces challenges with confidence.
Creative approaches to overcoming obstacles in dynamic environments.

My Vision

I am dedicated to contributing to meaningful projects that push the boundaries of technology while making a real-world impact. Whether it’s collaborating with diverse teams or learning cutting-edge skills, I believe in staying ahead in the ever-evolving tech landscape.

Let’s Connect!

I am always eager to explore new opportunities, collaborate with talented professionals, and expand my horizons. If you’re looking for someone who combines technical expertise with a fresh, innovative perspective, let’s connect! Together, we can achieve excellence.

Experience

AppSierra

Java Developer

January 2023 - Present (3 years 5 months)

Bengaluru, Karnataka, India

Contributed to the development and enhancement of a large-scale travel booking platform used by real customers in a production environment.
Focused on building reliable, scalable backend solutions and ensuring smooth collaboration across teams.
Key Responsibilities:
Developed and maintained backend features across multiple microservices with emphasis on clean code, scalability, and reliability.
Collaborated with frontend, QA, and DevOps teams to deliver features on time and resolve cross-team dependencies.
Participated in design discussions, implemented business requirements, and handled bug fixes and performance improvements.
Monitored live systems, analyzed logs and traces, and resolved production issues to ensure system stability.
Followed Agile (Scrum) practices, including sprint planning, daily stand-ups, reviews, and retrospectives.

Education

Delhi Model Public School - India

Higher Secondary Education, PCM

Usha Martin University Ranchi

Bachelor of Technology - BTech, Computer Science
